

Eco-Packaging is our New Standard

New Poly Bag is Biodegradable and Security-Sealed.

Bag is Biodegradable

Open

Sealed for Security - An iClick Innovation

- Each order goes through iClick's complete quality control process and the drives are immediately sealed to prevent tampering.

Distributor Recognition at No Charge

- Opt-In to print each package with "Distributed by: Your Company" at no charge.
- In addition, custom printing is available for your customer at only \$0.42(R) per bag.
- Contact your Sales Rep for more information.

Bag is Biodegradable

Packaging is Now Compost!

- Bags are 100% biodegradable so they can be tossed into a compost pile!
- Material usage reduced by 70% per bag which means less energy used for production. And biodegradable means an annual equivalent of 8,750 pounds of packaging NOT going into landfills... almost 4 tons!
