PopGrip

- ② The original PopSocket
- ② Phone grip and stand
- ② Repositionable gel

Use PopSocket's original PopGrip to hold your cell phone securely while texting and snapping photos. Extended, a PopGrip becomes a media stand for watching videos on the fly.

The back of any smartphone provides prime real estate for maximizing brand impressions in full color. A PopGrip can be used on most brands of phones or phone cases, and it can be moved easily using its repositionable gel. Paired with a mount for a car, desk, or flex mount (sold separately), the PopGrip makes it effortless to use mobile devices hands-free.

For best results, use it in conjunction with a phone case. The gel is designed to stick to most materials, but it may have issues sticking to silicone, waterproof cases, and textured materials, like leather.

PopGrip For MagSafe Round

- ⌚ Magnetizes to your MagSafe-compatible device
- ⌚ Phone grip and stand
- ⌚ Removable for wireless charging

The PopGrip for MagSafe - Round is the next generation of MagSafe grips, securely attaching to your MagSafe-compatible case for maximum grip and stand utility, while simply sliding off (when you want it to) for MagSafe charging. Like a classic PopGrip, it sticks flat to the back of your phone. Once extended it becomes a media stand and grip, making it easier to text with one hand, snap photos, or watch videos hands-free.

Can only be used in conjunction with a MagSafe-compatible phone case or device.

For best results, use it in conjunction with a phone case. The gel is designed to stick to most materials, but it may have issues sticking to silicone, waterproof cases, and textured materials, like leather.

Casely Power Pod

- ⌚ 5,000mAh | 15 Watts
- ⌚ MagSafe-enabled
- ⌚ Combination wireless charger + power bank
- ⌚ Removable magnetic ring attachment
- ⌚ Detachable USB-C charging cable included

The Casely Power Pod is a sleek wireless charger and power bank combo. It features built-in magnets for MagSafe-enabled phones and includes an adhesive magnetic ring for other wireless charging-capable phones. The USB-C cable charges the Power Pod and acts as a connector for non-wireless charging devices. With a 5,000mAh battery, it provides up to 2 full charges for most smartphones, ensuring your phone stays powered all day or night. Charging at 15 watts, it offers faster charging for compatible devices. Casely's trendy design makes it a must-have tech accessory for active individuals, solving midday battery slumps while on the go.

Due to shipping regulations on lithium-ion batteries, we are not able to expedite shipping on power banks. If expedited shipping is required, please inquire with your sales rep regarding Hazmat shipping.

Elify TAP Webkey Card

- 1 tap launches to your link or webpage
- QR code and NFC-embedded chip
- Choice of PVC or eco-friendly bamboo

Memorable digital networking is a tap away. The Elify TAP Webkey Card is your personal digital webkey providing a branded physical experience to sharing your company's info. It works like a traditional webkey but instead of handing them a USB to plugin later, which they may or may not do, you can share it in real time. Just tap the card on a smartphone, then the link to your website or landing page launches automatically via the NFC-embedded chip. No special app needed.

Bamboo is a 100% natural material that is both biodegradable and sustainably grown. In addition to its antibacterial and antifungal properties, bamboo is easy to grow, protects soil structure, absorbs carbon dioxide AND produces 35% more oxygen compared with other plants.

- ⌚ 5,000mAh | 15 Watt wireless charging
- ⌚ MagSafe-enabled
- ⌚ Combination wireless charger + power bank
- ⌚ Removable magnetic ring attachment
- ⌚ Detachable USB-C charging cable included

The Casely Power Pod is a sleek wireless charger and power bank combo. It features built-in magnets for MagSafe-enabled phones and includes an adhesive magnetic ring for other wireless charging-capable phones. The USB-C cable charges the Power Pod and acts as a connector for non-wireless charging devices. With a 5,000mAh battery, it provides up to 2 full charges for most smartphones, ensuring your phone stays powered all day or night. Charging at 15 watts, it offers faster charging for compatible devices. Casely's trendy design makes it a must-have tech accessory for active individuals, solving midday battery slumps while on the go.

Due to shipping regulations on lithium-ion batteries, we are not able to expedite shipping on power banks. If expedited shipping is required, please inquire with your sales rep regarding Hazmat shipping.

PopGrip PlantCore™

- PlantCore™ made from 35% plant-based material
- Phone grip and stand
- Environmentally friendly

The new PopGrip PlantCore™ is a more environmentally friendly, plant-based PopGrip. Made with 35% plant-based materials to reduce emissions, it's a step forward on the path to a more sustainable future. Like other PopGrips, the PopGrip PlantCore™ sticks flat to the back of your phone with a repositionable gel and features a removable Pop Top for Qi wireless charging compatibility. Once extended it becomes a media stand and grip, making it easier to text with one hand, snap photos, or watch videos hands-free.

For best results, use it in conjunction with a phone case. The gel is designed to stick to most materials, but it may have issues sticking to silicone, waterproof cases, and textured materials, like leather.

iDisc 5W Eco Wireless Charger

- ⌚ 5 Watt
- ♻️ Eco-friendly wheat straw
- ⌚ Charges any wireless-enabled device
- ⌚ Detachable charging cable included

Looking for an environmentally-conscious and affordable option for a wireless charger? The iDisc 5W Eco Wireless Charger is the best solution for those wanting an eco-friendly giveaway item at a value price point.

The charging pad is made of wheat straw, a natural byproduct of wheat production. Reusing wheat straw reduces waste and carbon emissions. Picking a wheat straw product to represent your brand shows you support sustainability.

It's easy to set up. Plug the charging pad into a power source with the included cable and a small indicator light turns blue when you place your phone on top. It starts charging automatically.

Elify TAP Webkey Card

- 1 tap launches to your link or webpage
- QR code and NFC-embedded chip
- Choice of PVC or eco-friendly bamboo

Memorable digital networking is a tap away. The Elify TAP Webkey Card is your personal digital webkey providing a branded physical experience to sharing your company's info. It works like a traditional webkey but instead of handing them a USB to plugin later, which they may or may not do, you can share it in real time. Just tap the card on a smartphone, then the link to your website or landing page launches automatically via the NFC-embedded chip. No special app needed.

Bamboo is a 100% natural material that is both biodegradable and sustainably grown. In addition to its antibacterial and antifungal properties, bamboo is easy to grow, protects soil structure, absorbs carbon dioxide AND produces 35% more oxygen compared with other plants.

3.0 USB Flash Drives

Among the improvements, USB 3.0 features a new transfer mode that can transfer data at a rate much faster than standard USB 2.0 drives. USB 3.0 connectors are easily distinguishable from their 2.0 counterparts by the blue color-coding of the ports. To realize the benefits of USB 3.0, you must have 3.0 ports on the device you're plugging into. USB drives are backwards compatible to 2.0 ports, however only 2.0 transfer speeds can be achieved.

Easily distinguishable from their 2.0 counterparts by the blue color-coding of the ports.

READYSHIP™

Custom Pop Wallet Plus Backer Card

- ② Full color custom printed card
- ② Additional marketing space for Pop Grip models

Take your brand messaging to the next level with a full color custom backer card. When the 1.53" imprint area on the Pop Grip isn't enough, take advantage of full-color, full-bleed, printing. The custom backer card provides the perfect real estate for your campaign. Include instructions for activations, direct users to visit your website, or just reinforce your brand message.

*Custom backer card must include PopSockets logo on front, and all info on back.
