

Pop Backspin

- 🌀 Spinning top for fun fidgeting
- 📱 Phone grip and stand
- 🔗 Engraved logo

The Pop Backspin satisfies our need to fidget. The ball bearings inside make this a "spinning combination." Like a classic Pop Grip, it sticks flat to the back of your phone with a repositionable gel.

Once extended it becomes a media stand and grip - making it easier to text with one hand, snap photos, and watch videos hands-free. Remove the top completely to use your phone's Qi wireless charging capabilities.

Make brand impressions fun with the Pop Backspin, a promo product that will delight you daily.

For best results, use it in conjunction with a phone case. The gel is designed to stick to most materials, but it may have issues sticking to silicone, waterproof cases, and textured materials, like leather.
