

READYSHIP™

PopGrip Iridescent

- 🔄 Iridescent surface for engraving
- 🔄 Phone grip and stand
- 🔄 Unique, variable color profile

Electric and cool, a PopGrip Iridescent is the unicorn of the PopGrips. It's on-trend, super functional, and sticks flat to the back of your phone, tablet, or case with its rinsable, repositionable gel.

Once extended, a PopGrip becomes a media stand for your device, a photo or texting grip, or lower it for a video chat. The back of anyone's phone is prime real estate for any promotion, and the best part is that a PopGrip can be used on almost any brand of phone or phone case.

For best results, use it in conjunction with a phone case. The gel is designed to stick to most materials, but it may have issues sticking to silicone, waterproof cases, and textured materials, like leather.
