PopGrip Pocketable

SKU 55060

- Low profile and beveled base for no snag pocketing
- Phone grip and stand
- Removable top for wireless charging

With it's low-profile and soft beveled base, the PopGrip Pocketable allows for no-snag pocketing and a more comfortable grip. The removable Pop Top also makes it compatible with wireless charging. The PopGrip Pocketable sticks flat to the back of your phone with a repositionable gel. Once extended it becomes a media stand and grip, making it easier to text with one hand, snap photos, or watch videos hands-free.

For best results, use it in conjunction with a phone case. The gel is designed to stick to most materials, but it may have issues sticking to silicone, waterproof cases, and textured materials, like leather.
