

Pop Wood

- 🔄 Bamboo or rosewood surface
- 🔄 Phone grip and stand
- 🔄 Engrave or full color imprint

Available in Bamboo and Rosewood, the Pop Wood's unique wood finish lends perfectly to a classic laser engraving or full-color imprint. A Pop Grip sticks flat to the back of your phone, tablet, or case with its rinsable, repositionable gel. Once extended, a Pop Grip becomes a media stand for your device, a photo or texting grip, or lower it for a video chat. The back of anyone's phone is prime real estate for any promotion, and the best part is that a Pop Grip can be used on almost any brand of phone or phone case.

For best results, use it in conjunction with a phone case. The gel is designed to stick to most materials, but it may have issues sticking to silicone, waterproof cases, and textured materials, like leather.
