## PopWallet+

The PopWallet+ offers a sleek and secure way to carry important cards on your phone. Includes a built-in PopGrip that extends to become a comfortable grip or media stand, and easily folds flat so your smartphone fits comfortably in a pocket. The base of the PopWallet+ sticks to the back of your phone with a rinsable, repositionable gel. It can hold up to 3 credit cards or 6 business cards, depending on the card thickness. Wireless charging compatible by easily removing the wallet portion. To detach the wallet from base push top left corner and slide right.

\*For best results, use in conjunction with a phone case. The PopWallet+'s gel is designed to stick to most materials, but it may have issues sticking to silicone, waterproof cases and textured materials, like leather.

NOTE: To avoid demagnetizing, cards must be removed from wallet prior to charging with a Qi wireless charger.
